International Performance Festival Berlin - "HUNGER"

HUNGER: 

International Performance Festival, May 7th until May 21st.

From **7. to 21. May, 2011**, the International Performance Art Festival will take place in Berlin for the fifth time. The Festival is a unique art festival, with workshops

, labs and performances, is among the most important platforms for performance art. Over **100 Berlin and international artists** will present themselves in a **performance marathon**. During the kick-off on **May 14 and 15**, it will be possible to see what constitutes performance art: spontaneous creativity, confrontation, experiments, in short:

artists in real-time. What takes place can then serve as inspiration for all interested individuals. **Performance labs** with the artists will give participants the opportunity to pursue their own creative impulses and to present the results to the public in the **finale** on **May 20 and 21**. Hungry for the not yet
discovered gesture" The
Biomechanics Meyerholds and
its usage in Performance Art and
Dovrat ana Meron`s workshop
"Don`t feed the audience make
them hungry, Introduction to
Performance Art"

2nd we offer the workshops with
reduced prices!

The workshop program is open
to artists and all interested
individuals, with or without prior
knowledge, who would like to
expand their spectrum of
expression.

Why hunger?

Hunger is stimulus, greed,
desire. Hunger makes people
inventive. How is the hunger for
movement, for expression
transposed in the creative
process? Is it necessary to
cultivate hunger in a sated
society? How will it influence us?
Best regards!
